

**Unique shape & terrific
colour make Trumpet
Tangerine Snapdragon
a standout!**

Trumpet Tangerine produces some of the largest florets of any snapdragon, with a unique “trumpet” form that is different than traditional types.

Trumpet Tangerine Snapdragon

PanAmerican Seed™

SNAPDRAGON 
Antirrhinum majus

Trumpet Tangerine (1,2)
496387

Stem Length: 39 to 60 in./1 to 1.5 m
Supplied as raw seed with 85% minimum germination standard.

Trumpet Tangerine's open-faced "trumpet" flowers are excellent quality, with the slightly fragrant, frosty bronze bicolour blooms perfectly arranged along medium-long spikes. Stems are thicker and taller with more blooms than comparable snaps, making Trumpet Tangerine a top-quality florist product. Good flower retention assures excellent shipability. Group 1,2 Trumpet Tangerine is well-timed with Maryland.

For detailed culture information, refer to the Cut Flower Culture Chart at panamseed.com.

Trumpet Tangerine

Create a High-Quality Year-Round Snapdragon Program

Group	Growing-On Night Temperatures	Series
1,2	45 to 55°F/7 to 13°C for late Autumn, Winter and early Spring harvest	Cool, Maryland, Trumpet Tangerine, Winter
