Fantastic Foliage®

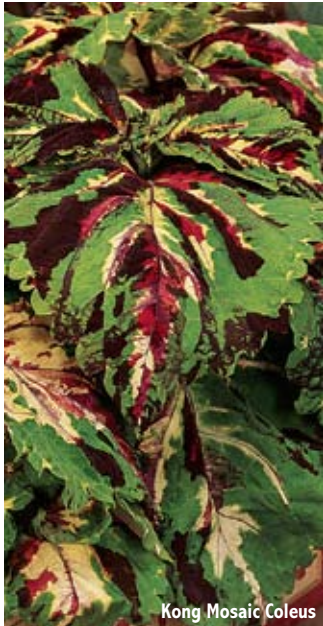

features color & texture that sells

NEW Kong Rose Coleus

NEW Kong Green Coleus

Kong Mosaic Coleus

NEW Kong Red Coleus

NEW Kong Salmon Pink Coleus

NEW Kong Scarlet Coleus

Home gardeners, landscapers and outdoor designers are actively shopping for the new and unique accent plants from seed featured in the award-winning Fantastic Foliage® lineup. Landscapers especially appreciate these economical, high-performance solutions for their fast-growing market. These are the varieties that are adding top-quality shape and texture, and designer colors to today's mixed containers and gardens.

New Kong® Series Coleus

A Made for the Shade and Hot Summers Survivors selection.

Huge leaves with unique, intricate color patterns. A great choice for gardens and large containers.

Salmon Pink was a Silver Medal winner in the University of Illinois Master Gardeners 2008 trial garden in Champaign, IL.

Not pictured: • **Empire Mixture** Vibrant mix of Red, Rose, Salmon Pink and Scarlet.

• **Mixture** Includes all the Kong colors.

New Chocolate Splash Coleus

A Made for the Shade and Hot Summers Survivors selection.

Unique, contrasting colors make this an upscale-looking, yet easy-to-grow foliage plant. Green foliage with chocolate-splashed color pattern varies with age and light. Pairs well with Chocolate Mint and Dark Chocolate in mixed containers and landscape plantings.

Ornamental Millet

Purple Knight Alternanthera

A Made for the Shade and Hot Summer Survivors selection.

Vigorous and upright — ideal for mixed containers, landscapes and indoor lifestyle plant programs.

Royal Tapestry Alternanthera

A Made for the Shade and Hot Summer Survivors selection.

A spreading habit with subtle, color-changing foliage and deep, burgundy stems adds beauty to gardens and landscapes — leaf color varies by season and environment. Received an excellent rating at the Massachusetts Horticultural Society 2008 trial gardens evaluation.

Maracas Brazilian Fireworks (Porphyrocoma pohliana)

A Made for the Shade and Hot Summer Survivors selection.

A heat-loving plant for shady gardens, or to give as a gift. Shows off silver-veined foliage, plus bonus blooms.

Chocolate Mint Coleus

A Made for the Shade and Hot Summer Survivors selection.

An easy-to-grow dark foliage plant with rich chocolate brown leaves edged in mint green. Pairs well with Chocolate Splash and Dark Chocolate in containers.

Dark Chocolate Coleus

A Made for the Shade and Hot Summer Survivors selection.

Easy-to-grow dark foliage has an eye-catching deep chocolate color. Pairs well with Chocolate Mint and Chocolate Splash. Received an excellent rating from the University of Georgia 2008 trial gardens.

Emerald Falls Dichondra

A Made for the Shade and Hot Summer Survivors selection.

A dense habit of green that cascades over garden walls, containers and hanging baskets.

Silver Falls Dichondra

A Made for the Shade and Hot Summer Survivors selection.

Very drought and heat-tolerant, silver-stemmed foliage plant with true cascading habit for baskets and mixed containers.

Silver Mist Helichrysum

A Hot Summer Survivors selection.

Finely-textured, silver foliage makes a beautiful accent in landscapes and mixed containers.

Purple Lady Iresine

A Made for the Shade and Hot Summer Survivors selection.

Eye-catching, dark-leaved foliage is ideal for containers, hanging baskets and beds.

Jester F1 Ornamental Millet

A Hot Summer Survivors selection.

Foliage changes from chartreuse to bronze to deep purple at maturity. 3/4 the height of Purple Majesty. Excellent performance at the Dow Gardens 2008 trial in Midland, MI.

Purple Majesty F1 Ornamental Millet

A Hot Summer Survivors selection.

Eye-catching deep purple foliage and a striking 4 to 5-ft. height makes this an excellent background plant in mass plantings and large containers.

All-America Selections Gold Medal winner.

Black Pearl Ornamental Pepper

Calico Ornamental Pepper

Purple Flash Ornamental Pepper

NEW Silver Crest Plectranthus

Emerald Lace Plectranthus

Silver Shield Plectranthus

Peek-A-Boo Spilanthes

Limón Talinum (left) and NEW Verde Talinum

Black Pearl Ornamental Pepper

A Hot Summer Survivors selection.

Unique variety with black, bushy, upright foliage. Round, shiny fruit matures to a dark red and is very hot to the taste. An All-America Selections winner.

Calico F1 Ornamental Pepper

A Hot Summer Survivors selection.

Eye-catching, variegated foliage in purple, cream and green is complemented with glossy fruit that starts off red and matures to black. Compact, rounded plants for combos and in-ground plantings.

Received a perfect rating during the Summer evaluations at the University of Florida 2008 garden trials.

Purple Flash Ornamental Pepper

A Hot Summer Survivors selection.

Plants have striking flashes of bright purple foliage amongst the almost-black leaves with small, glossy, black fruit. Perfect for mixed containers and in-ground plantings.

One of 10 winners in the Classic City

Awards at the Gardens at UGA in Athens, GA. "The beautiful multicolored foliage, the good flowers and the dark fruit just kept looking better," said Allan Armitage.

Emerald Lace Plectranthus

A Made for the Shade and Hot Summer Survivors selection.

Tough-as-nails plectranthus with variegated leaves adds texture to shade containers. Drought-tolerant plants have a long indoor shelf life and perform well in ground or in mixed containers.

Received a very good score at Penn State University 2007 trial.

New Silver Crest Plectranthus

Silvery, fuzzy foliage makes it a brilliant trailing component in mixed containers and hanging baskets. Easy-to-grow, stress-tolerant, compact plectranthus option for the landscape.

Silver Shield Plectranthus

A Hot Summer Survivors selection.

Large, soft, silvery-gray, textured leaves combine well with other plants in mixed

containers and beds.

Excellent performance at the Dow Gardens 2008 trial in Midland, MI.

Peek-A-Boo Spilanthes

A Hot Summer Survivors selection.

A real "eye-catcher" for mixed containers and garden beds.

Limón Talinum

A Hot Summer Survivors selection.

Admired for its mounded, bright, lime-green foliage, Limón gives an added bonus — airy inflorescences covered in tiny rose-pink flowers. Delivering good vigor, this "tough" plant handles stress well, including heat and drought.

Excellent performance at the Dow Gardens 2008 trial in Midland, MI.

New Verde Talinum

A Hot Summer Survivors selection.

Extraordinary height, color and texture make Verde an excellent focal point for mixed container displays. Flowers open hot pink, and then form orange berries that ripen to dark red. Heat and drought tolerant.

Here's an easy, streamlined entry into grasses for the bedding plant grower! Sow all of the Grasses of Fantastic Foliage on the same day at the same temperature. Count on our multi-seed pellets with 90% minimum germ with at least 2 seedlings standard to deliver fast, full plugs. Then transplant all varieties at the same time (5 to 6 weeks) and finish at the same time. All of the grasses of Fantastic Foliage are Hot Summer Survivors except for Zephyr Deschampsia and Live Wire Isolepis. Texture, color and outstanding performance... it's a triple play!

Serena Mixture Angelonia

Serena Lavender Angelonia

Serena Lavender Pink Angelonia

Serena Purple Angelonia

Serena White Angelonia

High Tide Blue Ageratum

High Tide White Ageratum

Blutopia Blue Bacopa

Snowtopia White Bacopa

These trend-setting blooms to collect and covet are available from seed! Pair this collection of flowering bedding plants from seed with award-winning Fantastic Foliage for an economical way of adding designer colors to today's mixed containers and gardens.

High Tide™ F1 Series Ageratum

Landscape ageratum series forms a dense, mounded hedge of color, growing taller and more vigorously than any other ageratum. Outlasts standard bedding types outdoors in gardens and mixed containers.

Serena® F1 Series Angelonia A Hot Summer Survivors selection.

Breakthrough breeding created this carefree, continuous-blooming angelonia that grows full and well-branched without pinching.

White was one of 10 winners in the Classic City Awards at The Gardens at UGA in Athens, GA. "The plants were completely covered in clean, pure white flowers for months earning it this coveted award," said Allan Armitage. The series received the FlameProof award at the 2007 Dallas Arboretum trial. Jimmy Turner, Senior Director of Gardens, called it "absolutely best of genus".

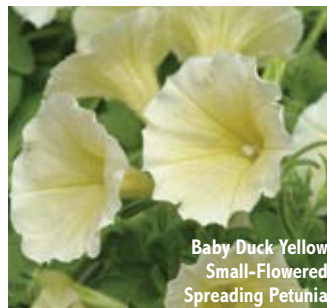

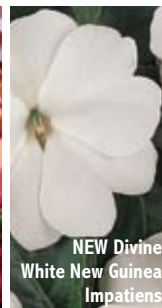

Blutopia® Blue and Snowtopia® White Bacopa

The first-ever bacopas from seed. Assuring easy crop scheduling, quick turns and no need for stock plant maintenance and pinching, Blutopia Blue displays eye-catching lavender-blue flowers that are slightly smaller than Snowtopia White.

Both Blutopia and Snowtopia received the 2007 Medal of Excellence Award given by Greenhouse Grower during the OFA Short Course.

Mayan Gold Tecoma

Solcito Zinnia

Diamonte™ F1 Series Diascia

A Pansy Pals® selection.

Easily and economically grown with better branching, and fuller, denser plants. Delicate flowers blanket full, mounded plants in Spring and Autumn containers and landscapes. *Coral Rose* is an All-America Selections winner.

New Divine™ F1 Series New Guinea Impatiens

A Made for the Shade and Hot Summer Survivors selection.

Seed-grown New Guineas are all about outstanding uniformity, bigger profits in every square foot and satisfied customers. With a one-week flowering window across all varieties and mixtures, Divine is ideal for bench-run programs. Not pictured:

- Mystic Mixture • Red White Mixture
- Salsa Mixture

Mystic Mixture received perfect ratings at the Dow Gardens 2008 trial in Midland, MI.

Dakota Gold Helenium

A Hot Summer Survivors selection.

A tough plant that provides loads of yellow flowers for hot, dry and humid landscapes. *Received an excellent rating at the Walt Disney World Nursery 2007 trial.*

Enchantment F1 Linaria

A Pansy Pals® selection.

Very fragrant blooms of intense magenta with a gold "bee" are produced continuously under cool conditions.

Poetry™ F1 Series Nemesia

A Pansy Pals® selection.

Lots of cool color! Grower-friendly choice for premium packs...fills out fast and full without pinching. Available in Blue, Lavender Pink and White.

Baby Duck Yellow Small-Flowered Spreading Petunia

Plants with small, soft yellow, trumpet-shaped blooms fill landscapes and gardens quickly, as well as large solo or mixed containers.

Received a perfect score at the University of Minnesota 2007 trial in Grand Rapids.

Veranda Scutellaria

A Made for the Shade and Hot Summer Survivors selection

A shade-loving variety with blue flowers that is a stand-out in large Summer baskets and containers.

Mayan Gold Tecoma

A Hot Summer Survivors selection.

The only tecoma from seed! A showy and exotic plant with compact habit. Can be produced in gallons.

Received an excellent rating at the Mississippi State University 2008 ornamental trial.

Solcito Zinnia

A Hot Summer Survivors selection.

Abundant golden-yellow blooms on lush green foliage. This heat-loving performer works well in containers and baskets – and makes a great addition to landscapes – all season long!

Received an excellent rating at the Massachusetts Horticultural Society 2007 trial garden evaluations.
