

Dakota Gold Helenium

■ This North American native annual shows off bright golden yellow, daisylike flowers over fine-textured green foliage.

■ Each plant has a compact, mounded habit, making it great for mass plantings or as a bright border plant.

■ Tough and strong-growing Dakota Gold does well in high heat, with either high or low humidity...but can tolerate cool conditions as well.

■ It's a perfect choice for landscape plantings!

■ **A Fantastic Flowers® selection...** blooms to covet and collect! These are the flowers home gardeners want to make their plantings fresh, fanciful and fantastic!

Dakota Gold "Green Thumb Tips"

Helenium amarum

Height: 12 to 14 in. (30 to 35 cm)

Garden Spacing: 8 to 10 in. (20 to 25 cm)

Dakota Gold grows best when planted in full sun (at least 6 hours/day). Plants are very low-maintenance. Provide low to average water levels, particularly in drought. Feeding is optional.
