

Aida, Carmen & Figaro make your year-round Matthiola program

Well-matched
for timing, Spring-
flowering Aida,
Summer-flowering
Carmen and Winter-
flowering Figaro
deliver very uniform
plant performance.

Aida Deep Rose, Blue and White Matthiola

PanAmerican Seed™

**NORTHERN GREENHOUSE
SELECTABLE MATTHIOLA**
M. incana

Aida, Carmen & Figaro Series

Location: Greenhouse
Stem length: 32 in./80 cm
**Supplied as raw seed with 80%
minimum germination standard.**

Bred for specific seasonal performance, the Aida, Carmen and Figaro series team up with the Opera (Vegmo) series to offer an outstanding lineup of greenhouse-grown selectable Matthiola varieties for year-round production. Transplanting for seasons earlier than listed will result in later flowering.

Greenhouse-grown Matthiola are distinguished from field-grown types by the softer green leaves. **NOTE:** Selectable Matthiola will produce approximately 50% double-flowering types, but it is easy to select out the single-flowered types at the young plant stage. Refer to the PanAmerican Seed Product Information Guide for details.

**Aida Series
(Spring-flowering, Group 2)**

Under northern European conditions, transplant Aida varieties in January/ April for flowering in April/June.

- Apricot 706981**
