OSTEOSPERMUM 
Osteospermum ecklonis

Akila® Series

Height: 16 to 20 in./40 to 50 cm
Spread: 16 to 20 in./40 to 50 cm
Supplied as raw seed.

The new grower favorite, the Akila series provides the best seed-grown osteos for both habit and seed quality...lets retailers offer a top-quality series in packs and pots...provides landscapers with an economical and upscale choice for mass plantings and containers... and satisfies consumers so they'll be back for more! The most compact seed series available, Akila is well-suited to mechanized production and high-density programs. Plants branch well without pinching, and all colors flower in the same week. In the garden, the full plants show off beautiful flowers and are drought tolerant once established.
