

Pansy & Viola Solutions

PanAmerican Seed®

Cool-season quick reference chart

PanAmerican Seed cut through the cluttered pansy market with the 2005 debut of Matrix and its revolutionary plant architecture and uniformity. Next came exciting breakthroughs with Panola XP and Sorbet XP. Frizzle Sizzle added a new dimension with unique colors and texture for planters. Our newest evolution in the pansy market is trail-blazing Plentifall, with awesome trailing plants that make out-of-this-world baskets and spreading groundcovers.

		
SERIES	Matrix®	Plentifall®
OUTSTANDING FEATURES	Superior plant structure in extra large-flowered pansies	Unique trailing and spreading habit for baskets and beds
HABIT & VIGOR	Less stretch due to unique plant architecture that grows out rather than up	Vigorous trailing habit; ultimately spreads up to 18 in./45 cm in the ground
OPTIMAL PRODUCTION CONTAINER	Packs, 4-in./10-cm pots	4-in./10-cm pots, hanging baskets
COLOR RANGE	Clear: 9 Blotch: 8 Novelty: 5 Mixtures: 24	Clear: 2 Novelty: 3 Mixtures: 2
TYPE & FLOWER SIZE	Extra-large pansy, 3.5 in./9 cm	Multiflora pansy, 2 in./5 cm

A cool-season variety for every

**Panola® XP**

Consistent landscape performance with a wide color range

Bicolor: 4
Mixtures: 3

Viola cornuta,
1 in./2.5 cm

Matrix®

Pictured: Blotch Mixture

Superior plant architecture results in retail holdability, so you can grow your profits.

Similar habit, timing and performance across the series lets you streamline production and deliver a better-looking product at retail.

A 7-day bloom window in Autumn production means all colors from the same sowing ship together.

Superior branching without stretching assures more flowers per plant.

Short, strong peduncles hold the large, thick-petaled, 3.5-in. (9-cm) flowers beautifully over the foliage.

Height: 8 in./20 cm

Spread: 8 to 10 in./20 to 25 cm

Plentifall®

The unique spreading habit of Plentifall creates out-of-this-world pansy baskets and groundcovers.

Incredible cool-season baskets for early Spring and Autumn sales.

Nice spreading groundcover with superior overwintering hardiness – the earliest pansy to come back in the Spring!

Medium-sized blooms hold up in rain and weather better than larger-flowered types.

A great spiller in mixed containers, Plentifall is quickly becoming a consumer favorite.

Height: 6 to 8 in./15 to 20 cm

Spread: 18 to 24 in./45 to 60 cm

Actual size: 2.25 in.

Trailing for baskets & containers

"Finally, a true trailing, ever blooming, cascading carpet of cool season color...Plentifall flowered here in Texas from September through the Winter, and took our early Spring Texas heat right up until May."

*Jimmy Turner,
Senior Director of Gardens,
Dallas Arboretum and
Botanical Garden*

"They have been excellent landscape performers in LSU AgCenter landscape trials. This new pansy is very exciting, and the plant has an enormous amount of potential."

*Allen Owings, Director,
Research and Education,
Louisiana Nursery and
Landscape Association*

Panola® XP

Bred to handle the weather, Panola XP is the ultimate multi-season landscape pansy.

5 to 7-day flowering window, uniform habit and shorter peduncles let you mix and match your pansy crop and create custom mixtures.

Panola outperforms other medium-flowered pansies in all kinds of conditions.

Early blooming Panola is the best choice for overwintering guaranteed pansy programs.

Free-flowering, well-branched and compact plants maintain their garden height with less stretch in warm climates.

Frizzle Sizzle

A frilly flower-form makes Frizzle Sizzle a retail standout!

More unique and bold colors than any other of this type!

Looks fantastic in containers and "close-up" landscapes.

Great choice for cool-season end cap displays.

Stronger ruffling occurs in cool conditions – Spring production is recommended.

Sorbet®

Uniform Sorbet XP lets you send the best- looking violas to retail.

The most uniform plant habit and
tightest flowering window in top-
selling colors.

Fewer PGRs and superior
holdability for less shrink.

Plants cover the soil at flowering
with more blooms on every plant
and less stretching.

Performs in a range of climatic
conditions with excellent
overwintering – great for
landscape custom viola mixes.
