A Fantastic Flowers™ selection.

Blutopia blooms are a traditional lavender-blue colour. NEW Snowtopia Improved is 7 to 10 days earlier to flower to better match Blutopia. It also has improved germination for more useable plugs, larger flowers and darker green foliage. Both varieties are economical choices for accent plant programs and ideal for 4.5-in. (11-cm) and 10 to 12-in. (25 to 30 cm) pots. They perform well in large planters and mixed containers. *Blutopia & Snowtopia both received the 2007 Medal of Excellence given by greenhouse Grower during the OFA Short Course.*
