

Sweet F1 Dianthus is the best *D. barbatus* for your year-round production

Sweet Red Dianthus

Sweet gives professional greenhouse and field cut flower growers a highly programmable series that comes in separate bright colours and needs no vernalization.

PanAmerican Seed™

DIANTHUS 
D. barbatus

Sweet F1 Series

Height: 18 to 36 in./45 to 90 cm
Spread: 10 to 12 in./25 to 30 cm
Supplied as easy-to-sow pelleted seed with 90% minimum germination.

Sweet F1 Series produces high yields of saleable stems that make an excellent bouquet filler item for florists. Taller growth is achievable from early, Autumn-transplanted, greenhouse-grown plants. Very uniform in height and flowering time, Sweet Dianthus has large, very fragrant, long-lasting blooms on straight, strong stems. This series is suitable for greenhouse and field cut flower production.
