KABLOOM™
CALIBRACHOA
from PanAmerican Seed®
Start with seed... ...to produce perfect plugs!

Kabloom offers the flexibility of seed and grows side by side with vegetative varieties.

Kabloom is now available in Precision™ Multi-Pellet form for uniform quality and full plug trays!

Grow your best with Kabloom! Convert your calibrachoa program today.
EXPLODES WITH 9 DYNAMITE COLORS!

NEW Blue tick: bright blue with large flowers that is great for combos.

NEW Cherry offers flowers with a slight crinkled texture that can be used as a: bicolored variety.

NEW Coral has a rich, deep red color and large cherry-red blooms.

NEW Denim features blue flowers with darker blue tones under lower light and cooler conditions.

NEW Coral has a rich, warm color and is a favorite in trials.

NEW Light Pink Impressed to the point of encroaching on the base, pale yellow eye. It is ideal for use with other colors, like green or red.

NEW Orange offers flowers that look great in cool colors and mixed combos.

NEW Pink offers flowers that are bluish and medium pinkish on the edge and a bright yellow throat.

NEW Raspberry is a new purple with pink and white flowers that look good with other colors.

NEW Red shows off a rich red color and large cherry-red blooms.

NEW White Improved has the same vigor and PGR sensitivity as the other Kabloom colors, so you can mix and match them more freely for your combo needs.

Yellow features a bright yellow plant structure.

EXCELLENT GERMINATION
Kabloom offers germination of at least 80%, with at least 2 seedlings per cell. The Precision Multi-Pellet seed form makes it easy to order and ready to ship, with plug trays and great order fill rate, plus a quality label for mechanized production.

UNIFORM HABIT, TIMING & DAYLENGTH
The minimum daylength required for flower initiation is 11 hours or less, so you can get the series into bloom earlier in the Spring without extra lighting.

CROP SCHEDULING
CONTAINER SIZE PLUGS/POT CROP TIME SEASON PGR

4”/4.5”/Quart 1 ppm 7-8 (weeks) Spring flurprimidol 1-2 ppm drench
