Martini Cucumber

- Plant in Sun (at least 6 hrs of sun)
- Space 18-24" (46-61cm) apart
- Grows 6-12" (15-30cm) tall
  by 48-72" (122-183cm) wide
- The use of mulch can speed up growth by conserving soil moisture, maintaining a high soil temperature. Water deeply once a week, applying at least one inch of water. Apply an all -purpose vegetable garden fertilizer when your plant begins to set fruit. When planning the garden, consider growing cucumbers vertically on a trellis, fence, or other support.

(Cut along dotted line for standard bench card size.)
