Little Napoli Tomato

- Plant in Sun (at least 6 hrs of sun)
- Space 24-36" (61-91cm) apart
- Grows 12-18" (30-46cm) tall
  by 24-36" (61-91cm) wide
- Water regularly and try to water early in the day so that plants will dry off before evening. Tomatoes prefer regular feeding once the fruit sets, but too much early in the season will grow a large plant with fewer tomatoes. Mulching helps ensure an even supply of moisture. Best grown in a container.

(Cut along dotted line for standard bench card size.)
