Spring Green Celosia

- Plant in Partial Sun (at least 3 hrs of sun)
- Grows 40-48" (102-122cm) tall
- Full, flat combs are pale green with lime green edges. Eye-catching variety is a great addition to mixed bouquets; excellent vase life.
- Best when exposed to partial sun. Water regularly to keep soil moist. Don’t overwater and no overhead watering after flowers appear.

(Cut along dotted line for standard bench card size.)
